On clicking the spanner icon you'll see a **“+New Category”** box appear

The screenshot shows the top section of the WEAll Together forum. At the top left is the WEAll logo, a colorful circular emblem. To its right is the text "WELLBEING ECONOMY ALLIANCE". Below the logo is a welcome message: "Welcome to the forum! This is a community space which adheres to the WEAll [Code of Conduct](#)." To the right of the logo is an "Edit" button with a spanner icon and a close button (X). Below the header is a navigation bar with links: "all categories", "all tags", "Categories" (highlighted), "Latest", "New (5)", "Unread (1)", and "Top". To the right of these links is a "+ New Topic" button. A modal box titled "+ New Category" with the subtitle "Create a new category" is overlaid on the navigation bar. Below the navigation bar is a table of categories. The first category is "Site Feedback", described as "Discussion about this site, its organization, how it works, and how we can improve it." It has 3 topics, with 2 new ones, and was last updated 11 days ago. The second category is "Welcome to WEAll Together!", which is a pinned topic in the "Sandbox" category, with 2 topics and last updated 11 days ago.

Click **+New Category** and you'll navigate to together.weall.org/new-category

The screenshot shows the "New Category" form on the WEAll Together forum. The form is titled "New Category" and has a sidebar on the left with a list of categories: "Sandbox", "Site Feedback", "Staff", "All categories", "Messages", "Channels", "General", "Staff", "Personal chat", "MarinaGattas", "dajb", and "andres.moya". The "General" category is selected. The form has several sections: "General" (with "Category Name" and "Category Slug" fields), "Security" (with "One or two words maximum" and "(Optional) dashed-words for" fields), "Settings" (with "Parent Category" dropdown set to "(no category)"), "Images" (with "Badge colours" section), "Template" (with "Background colour" and "Foreground colour" sections), and "Tags" (with a "New Category" button). The "Background colour" section shows a color picker with a blue color selected. The "Foreground colour" section shows a color picker with a white color selected.

Now you can create a new category for the new Hub.
